

63

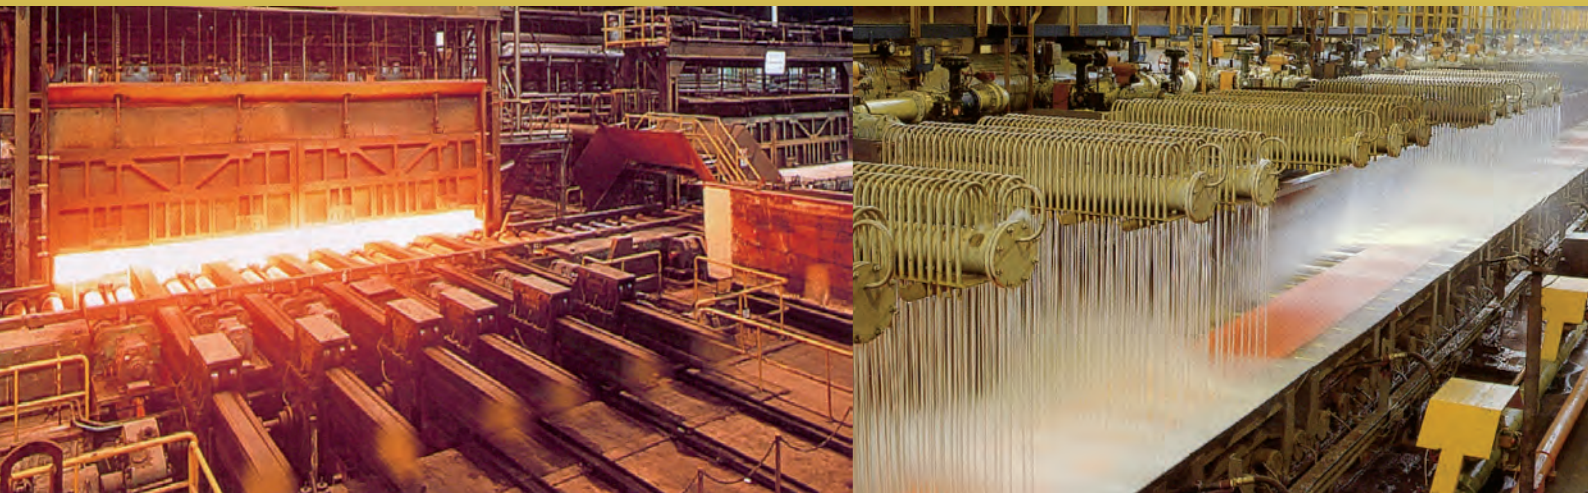

WATER RESISTANT EP BEARING GREASE

Forms a wear arresting film preventing premature wear.

Excellent water resistance and can be applied to wet surfaces.

Has wide temperature range and is stable in high heat applications.

Provides exceptional stay put properties in high impact conditions.

Orion[®] 
LUBRICANTS

ADVANTAGES

ORION 63 is a premium quality long life grease for anti friction and plain bearings.

The excellent water resistance of **ORION 63** and ability to seal out impurities make this an ideal product for outdoor and tough environments.

ORION 63 performs with excellent results in high impact conditions and will not squeeze or thin out, even in high heat applications.

ORION 63 protects vital parts from damaging corrosion and wear under prolonged service.

ORION 63 outlasts conventional greases reducing consumption and time involved in lubricating.

Typical applications:

Wheel bearings - Steel mills
Logging machinery - Earth moving equipment
Mining equipment - Fork lifts
Farm machinery - Chassis points
